What aspects of the course and/or Gabrielle Isgar's instructional methods have you found the most useful or valuable for learning? Please give examples.

- I really enjoyed Gabrielle Isgar's teaching throughout the course of the semester. I have always wanted to learn spanish and Professor Isgar has helped me get to where I wanted to be. I finally began to understand the basics of spanish speaking and also learned a great deal about spanish speaking countries through the "Sol y viento" mini series and reading about the cultural practices in the textbook.
- The quizzes and canvas discussions really helped me understand the material. The professor is very accommodating and made expectations for the class very clear.
- I enjoyed that we didn't always do the same thing every class meeting, we would do a fun activity every now and then too.

What aspects of the course and/or Gabrielle Isgar's instructional methods could be improved that would enhance your learning? Please give examples.

- For some of the activities, we needed a little bit more time every now and then to complete them.

Please list additional comments and/or suggestions.

- I had some issues with being able to understand the audio recordings in the quizzes/exams, mostly in regards to distinguishing between the words. This didn't seem to be so much of an issue with the Connect audio activities.

What aspects of the course and/or Gabrielle Isgar's instructional methods have you found the most useful or valuable for learning? Please give examples.

- I really enjoy how the class is organized.
- I found it helpful that there were many different types of assignments, quizzes, etc. that all played a part in students grades, so if they did not do as well in one area students still had the ability to succeed.
- The in class activities really helped me to better understand the application of what I learned. Working with my classmates in class on various activities helped me greatly.
- The in class activities are very helpful in learning the material. She makes the activities engaging and fun.
- - The class material we learn is informative and useful - She helps her students if they don't understand something and explains it in a way that is easy to understand - She wants to see her students succeed - When you don't know a word or phrase she tells you what it means and how it can be put into a sentence - She values her students input - She helped me grasp concepts (such as grammar and spelling) that I was struggling in - She provides websites that makes learning the grammar easier (this helped me a lot because I struggled with grammar)

What aspects of the course and/or Gabrielle Isgar's instructional methods could be improved that would enhance your learning? Please give examples.

- none
- I feel like it would've been more helpful to most google doc/word doc with the concepts to know for the week and either how to do them (example: how to conjugate verbs into the subjunctive) or helpful links for learning them. There were some times when I had no idea to conjugate a verb so I just looked up what the exact conjugation for it was. If I knew the rules and irregulars of the rules for each type of conjugation I would have an easier time expanding my knowledge.
- N/A I thought the class was amazing.
- n/a

Please list additional comments and/or suggestions.

- Overall good teacher who definitely put a lot of effort into helping her students learn. Would like to have this instructor again for the next level of Spanish but mostly likely won't since the FSU course catalog just enters in "staff" as the instructor for many classes like this.
- Gabrielle Isgar is an excellent instructor. She is extremely helpful and understanding of her students.
